

The Adesso Industrial Compact Scissor-Switch Touchpad keyboard combines the control of an integrated Glide-Point touchpad with the features of a scissor-switch keyboard to provide quiet typing and great tactile key response. This ultra-slim compact keyboard is designed according to EIA-RS-310C specification, which can be mounted to any rackmount drawers and meets any industrial environment requirements.

Built-in Touchpad

The Glidepoint® Touchpad technology provides superior cursor control and its central positioning on the keyboard offers ultimate comfort. The built-in touchpad also eliminates the need for a mouse and saves valuable desk space.

Scissor-Switch Keys

The slim low-profile scissor-switch keys are designed to offer a quieter and faster typing response —the same great typing feeling as laptop keys.

Ultra-Slim and Stylish Design

This keyboard offers an ultra-slim design, measuring 0.4" in thickness.

Compact 1U Design

This keyboard is designed according to EIA-RS-310C specification, which can be mounted to any rackmount drawers and meets any industrial environment requirements.
