• Product Overview

The Adesso® AKB-625UB Compact Size Mechanical Gaming Keyboard is the perfect keyboard for users that love gaming and love their shortcuts. This keyboard features crisp mechanical keys for increased productivity up to 50 million keystrokes along with multi-functional hotkeys that give you quick access to your media player tools, as well as the ability to lock your Windows key. Ideal for gamers, the N-Key Rollover allows up to 6 keys to be pressed as the same time. The smooth and crisp tactile feedback allows you to have a faster, more accurate typing experience and contains 45-50g of actuation force!

• Multimedia Hotkeys and Winkey Lock

You can control your media with one touch using the Media Hotkeys. In addition, you can lock your Windows Key when gaming by pressing Fn and Windows key together!

• Mechanical Key Switches

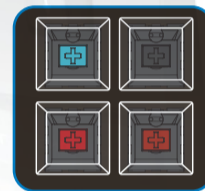

The mechanical key switch technology is a top design when it comes to keyboards. The tiny snap you feel through your fingertips and the subtle click you hear confirms each keystroke. It is the instant tactile and audible response in your typing that makes it more efficient and contains 45-50g of actuation force.

• N -Key Rollover (Anti Ghosting)

The n-key rollover function permits up to 6 keys to be pressed at the same time- a great advantage for gamers and typists. When you type on this keyboard it makes sure you will hit each key with precision as you can hear the audible feedback.

• Re-Routable USB Cable

The USB cable can be safely routed to the front, left, or right of the keyboard, without worries of fraying from constant movement, while saving desktop space.
