

■ Product Overview

The Adesso® Xtream® H2 features Bluetooth 3.0 wireless hands-free audio to go along with space saving foldable headphone design that stores and travels well. Powered by Neodymium magnetic drivers that deliver powerful, accurate vibrations. Make flawless hands-free phone calls using the integrated microphone. Never run out of Battery with the iOS on-screen indicator.

■ Bluetooth 3.0 Wireless Technology

Bluetooth 3.0 wireless technology offers 30 feet of wireless freedom, plus lower battery consumption and higher security encryption. Has built in Omnidirectional microphone to facilitate hands-free calling capability.

■ Foldable Headset

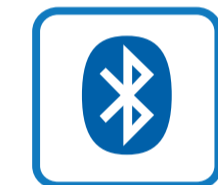

Space saving foldable headphone design that stores and travels well. Unit weighs 0.23 lb. and has a form factor of 5.7 x 3.9 x 2.3" and easily folds up into a compact position for fast and safe storage in your briefcase or luggage.

■ Rechargeable Battery with iOS Indicator

Software interfaces directly with the iOS on your device to show you in real-time how much battery life is available.

■ Travel Pouch

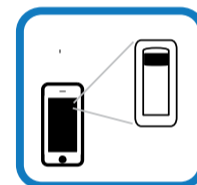

Provides protection to be able to travel safely and securely without worries about getting caught or tangled in your luggage or purse.
