

iMouse S70 Wireless Optical Neon Mouse

www.adesso.com

■ 2.4 GHz Wireless Technology

The 2.4GHz Wireless Technology has 65536 IDs with 12 channels and works up to 30 feet. This provides the reliability to ensure your other wireless devices will not interfere with your device.

■ Optical Sensor

Optical sensor technology improves precision and even lets you work on most surfaces like marble, wood and leather surfaces without the need of a mouse pad.

■ Battery Saving

The auto sleep feature will help users preserve battery when the mouse is not in use therefore extending its battery life.

■ Small & Portable

The compact and durable design will make this mouse become your ideal choice when you travel. The mini compact size makes it easy to store your mouse in your laptop bag or briefcase while on the go.
