Limited Warranty

Adesso provides a one year limited warranty for all of its products against defects in material and workmanship.

During this period, Adesso will repair or replace any product which proves to be defective. However, Adesso will not warranty any product which has been subject to improper freight handling, shipping abuse, neglect, improper installation or unauthorized repair. The warranty will not cover products installed with components not approved by Adesso and products where the sealed assembly trace has been broken.

If you discover a defect, Adesso will, at its option, repair or replace the product at no charge to you provided you return it during the warranty period with freight charges pre-paid to Adesso. Before returning any product, you must obtain a Return Merchandise Authorization number (RMA). This RMA # must be clearly marked on the outside of the package you are returning for warranty service. Be certain to also include your name, shipping address (no PO Boxes), telephone number, and a copy of the invoice showing proof of purchase in the package.

Introduction

The Adesso® Xtream™ S2 features Bluetooth 3.0 wireless hands-free audio to go along with Double Bass Subwoofer sound technology, with (L/R) Left and Right for high quality stereo sound. Make flawless hands-free phone calls using the integrated microphone. Never run out of Battery with the iOS on-screen indicator. Multipoint technology connects up to two devices at the same time. Effective Range is up to 33' feet (10M).

Regulatory Compliance

FCC Class B Information

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. However, there is no guarantee that interference will not occur in a particular installation.

CE Compliance for Europe

This equipment has been tested and found to comply with the limits for the European Council Directive on the approximation of the law of the member states relating to electromagnetic compatibility (89/336/EEC) according to EN55022.

③

Multipoint Technology

Multipoint technology allows simultaneous connection to two different devices at the same time. Simply repeat the pairing process on both devices.

⑥

Charging the Battery

a. Insert the Micro USB Charging Cable Connector into the headset micro USB charging port.

b. Insert the USB end of the Micro USB Cable into the USB port of your computer or any USB power adaptor.
